ट्रेड्स भुगतान संबंधी विवरण/TReDS Payment Details

This Bid provides for Trade Receivables Discounting System (TReDS) as Preferred mode of payment. For MSME sellers, payments may be processed through a TReDS exchange in which the Buyer is registered, subject to applicable policy and regulatory guidelines. Accordingly, sellers intending to avail payment through TReDS are required to be registered with at least one TReDS exchange in which the buyer is registered.

1. If the bidder is a Micro or Small Enterprise as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Experience Criteria" as defined above subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
2. If the bidder is a Micro or Small Enterprise (MSE) as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Bidder Turnover" as defined above subject to meeting of quality and technical specifications. If the bidder itself is MSE OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover, shall upload the supporting documents to prove his eligibility for Relaxation.
3. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Experience Criteria" as defined above subject to their meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
4. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Bidder

Turnover" as defined above subject to their meeting of quality and technical specifications. If the bidder is DPIIT Registered OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover shall upload the supporting documents to prove his eligibility for Relaxation.
5. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
6. Experience Criteria: In respect of the filter applied for experience criteria, the Bidder or its OEM of the product offered in the bid {themselves or through reseller(s)} should have regularly, manufactured and supplied same or similar Category Products to any Central / State Govt Organization / PSU for number of Financial years as indicated above in the bid document before the bid opening date. Copies of relevant contracts and delivery acceptance certificates like CRAC to be submitted along with bid in support of having supplied some quantity during each of the Financial year. In case of bunch bids, the category of primary product having highest value should meet this criterion.
7. OEM Turn Over Criteria: The minimum average annual financial turnover of the OEM of the offered product during the last three years, ending on 31st March of the previous financial year, should be as indicated in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the OEM is less than 3 year old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
8. Preference to Make In India products (For bids < 200 Crore):Preference shall be given to Class 1 local supplier as defined in public procurement (Preference to Make in India), Order 2017 as amended from time to time and its subsequent Orders/Notifications issued by concerned Nodal Ministry for specific Goods/Products. The minimum local content to qualify as a Class 1 local supplier is denoted in the bid document. If the bidder wants to avail the Purchase preference, the bidder must upload a certificate from the OEM regarding the percentage of the local content and the details of locations at which the local value addition is made along with their bid, failing which no purchase preference shall be granted. In case the bid value is more than Rs 10 Crore, the declaration relating to percentage of local content shall be certified by the statutory auditor or cost auditor, if the OEM is a company and by a practicing cost accountant or a chartered accountant for OEMs other than companies as per the Public Procurement (preference to Make-in -India) order 2017 dated 04.06.2020. Only Class-I and Class-II Local suppliers as per MII order dated 4.6.2020 will be eligible to bid. Non - Local suppliers as per MII order dated 04.06.2020 are not eligible to participate. However, eligible micro and small enterprises will be allowed to participate .The buyers are advised to refer the OM No.F.1/4/2021-PPD dated 18.05.2023.
OM_No.1_4_2021_PPD_dated_18.05.2023 for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017 and its subsequent Orders/Notifications issued by concerned Ministry .Benefits of MSE will be allowed only if seller/service provider is validated on-line in GeM profile as well as validated and approved by Buyer after evaluation of documents submitted.

9. **Purchase preference to Micro and Small Enterprises (MSEs):** Purchase preference will be given to MSEs having valid Udyam Certificate and whose credentials are validated online through Udyam Registration portal as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. If the bidder wants to avail themselves of the Purchase preference, the bidder must be the manufacturer / OEM of the offered product on GeM. In respect of bid for Services, the bidder must be the Service provider of the offered Service. Traders are excluded from the purview of Public Procurement Policy for Micro and Small Enterprises and hence resellers offering products manufactured by some other OEM are not eligible for any purchase preference. Relevant documentary evidence in this regard shall be uploaded along with the bid in respect of the offered product or service, and Buyer will decide eligibility for purchase preference based on documentary evidence submitted in case of product bids, whereas in case of services the eligibility is automatically validated. If L-1 is not an MSE and MSE Seller (s) has / have quoted price within L-1+ 15% (Selected by Buyer) of margin of purchase preference /price band defined in relevant policy, such MSE Seller shall be given opportunity to match L-1 price and contract will be awarded for 25% (selected by Buyer) percentage of total quantity. The buyers are advised to refer the OM_No.1_4_2021_PPD_dated_18.05.2023 for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017. Benefits of MSE will be allowed only if seller is validated on-line in GeM profile as well as validated and approved by Buyer after evaluation of documents submitted.
10. Past Performance: The Bidder or its OEM {themselves or through re-seller(s)} should have supplied same or similar Category Products for 50% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of

cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.

. Successful Bidder to indicate Contract number and name of Seller entity in the transaction details field at the time of on-line transfer. Bidder has to upload scanned copy / proof of the Online Payment Transfer in place of PBG within 15 days of award of contract.

21. **Buyer Added Bid Specific ATC**

Buyer Added text based ATC clauses

I. TECHNICAL SPECIFICATIONS AND SCOPE OF WORK OF 350 TON HYDRAULIC AUTO MINTING PRESS:

A. TECHNICAL SPECIFICATIONS:

The supplier is required to design, supply, install & commission 350 Ton Hydrauli c Auto Minting Press fulfilling following technical specifications.

1) Press Force (Variable): 20-350 Ton

2) Metal of coins to be stamped:

Precious metals like Pure Gold, Silver, Alloys of Gold & Silver and Quaternary Alloy (Ag 50%, Cu 40%, Ni 5% & Zn 5%) and other base metals like Copper-Bro nze, Cupro-Nickel etc.

3) Dimension of coins to be stamped:

a) Diameter : 10 mm to 60 mm

b) Thickness : 0.6 mm to 4 mm

4) Output rate: Compatible with standard coin dies, min 05 to 14 (fourteen) pa rts (medal size φ25/27/38/44 mm) per minute in manual feeding mode for sing le stroke.

5) Operational Controls:

Start/stop buttons, variable press force configuration/ setting, Hydraulic pres sure indicator, User-friendly control panel with intuitive interface for easy op eration and monitoring, Number of Pieces Embossed Information Display, Sta ndard Electric Operating Control Panel, Emergency stop.

6) Multiple pressing and dwell time :

a) Highest Possible Embossing Forces

b) High Stroke Rate & Faster Production

c) Multiple Stroke with Variable Forces and Die Lifting

d) Auto Embossing & Ejecting System

e) Press should have multiple pressings from 2 to 5 different programmable coining and locking forces with variable preselected dwell time in a closed tool.

f) Press should maintain the selected pressure on the embossed blank/coin for the selected time and after the lapse of time, press force should be decreased to the adjustable locking forces.

g) The dwell time should be activated for all single and multiple pressings.

h) The tool should remain closed for all the different forces selected so that distortion of impression (doubling) will be avoided.

7) Pressing Speed: Adjustable pressing speed.

a) Stroke Length: Adjustable stroke length for flexibility in coin design and dimensions.

b) Working Thrust: To be designed by bidder as per press force requirement of 20-350 Ton

c) Working Speed: 14 To 15 Per Minute,

8) Ejection force for stamped piece:

Ejecting Force for Stamped Pieces – Minimum 7 Tons Auto Embossing & Ejecting System

9) Air blow for blank cleaning:

Machine should consist of air blow arrangement for cleaning of the blanks before stamping.

10) Coining Tool:

a) Die Change System: Quick and efficient die change system for minimizing downtime during product changeovers

b) Easy Die Fixing and Removing Accessories. Tool drawings of the die fixing accessories, change parts etc. to be provided by the successful vendor as per the die standards of IGMH.

c) Light arrangement at tooling space is essential.

d) Necessary controls are to be provided in tooling to avoid wrong positioning and 'no charging' of blank or piece to be stamped.

11) Electric Control:

a) Electric Motor Minimum 20 HP, IEEE Standard Energy efficient along with Drive.

b) Programmable Logic Controller of Siemens / Allen Bradley / Schneider/ Mitsubis

hi/ Toshiba /Panasonic/Bosch etc.

c) Touch Screen Menu Navigation,

d) Auto Embossing & Ejecting System

e) Operation control panel for setup, adjustment and operation parameter of different coins.

12) Hydraulic system:

a) Press Frame: Heavy-duty steel frame construction for rigidity and stability

b) Heavy Duty Piston Cylinder

c) High/Low Pressure System having indicator,

d) The electric motor should have sufficient power to drive the hydraulic pump and maintain consistent pressure throughout the stamping process.

e) The hydraulic reservoir should have an adequate capacity to accommodate the hydraulic fluid required for the operation, allowing for efficient cooling and filtration.

f) Hydraulic Cylinders: The stamping press should be equipped with hydraulic cylinders capable of exerting the required force for stamping silver and gold coins. The cylinders should be robust, corrosion-resistant, and designed to withstand high pressures and repetitive stamping cycles.

g) Control System: The hydraulic system should incorporate a reliable and user-friendly control system.

h) Hydraulic Fluid: The hydraulic system should use a high-quality hydraulic fluid suitable for stamping silver and gold coins.

i) The fluid should possess excellent lubricating properties, corrosion resistance, and thermal stability to ensure smooth and consistent operation of the system.

j) Maintenance and Service: The hydraulic system should be designed for ease of maintenance, with readily accessible components for inspection, repair, and replacement.

k) Adequate provision for preventive maintenance, including regular fluid changes, filter replacements, and system checks, should be incorporated into the design.

13) Safety:

a) Safety Features: Integrated safety measures including emergency stop buttons, safety guards, The HPU should consist of a hydraulic pump, electric motor, reservoir, filters, valves, and pressure regulators.

b) Hand Guard Safety Sensor,

c) Hard Base Plate,

d) Noise level to be maintained at <75 dB

14) Cooling System:

Cooled System for Oil temperature control.

15) Tools & accessories :

All necessary tooling required for setting up of the medal (finished) dies of Ø 22 mm, 27 mm, 33 mm, 35 mm, 44 mm, 50 mm to be provided by the supplier, also the drawings of such tooling's to be provided in 2 copies. Complete Tools Set with Allen keys for coining dies changes are to be provided.

B. OTHER SPECIFICATIONS:

1) A set value and real time value of different parameters like Press Force, Inching Model, intake current by main motor etc. shall be displayed on HMI unit during the operations.

2) A control system should be interactive with visual aids, menu driven and operator friendly.

3) The machine shall have facility of remote maintenance (wherever feasible) as and when required by IGMH.

4) Safety features & suitable Fault finding system shall be provided.

5) All the electrical devices shall be energy efficient, easy to maintain and of latest technology proven in the market and not on the verge of obsolescence.

6) IGMH shall Provide Supply of Electricity, Air and water. All the auxiliaries and accessories require for operating the Stamping Press shall be in the scope of the supplier.

7) The machine shall have facility of remote maintenance as and when required by IGMH (Optional).

8) Acoustic Noise Protection (< 75 DB) shall be provided.

9) Ambient condition: 45˚C, Rh: 95% max.

10) Machine should be Energy efficient, maintaining power factor of more than 0.9 and should comply with BEE guidelines.

11) Pneumatic system attached with the Stamping Press, if any shall be able to operate smoothly with the pressure of 5 to 6 bar compressed air.

12) Centralized automatic Lubrication system shall be provided along with the machine. The system shall be total with coverage to all required points with proper filtration system for re-circulation of lubricant oil. There shall be a separate tank for this system.

13) Bidder should provide sales and service support including supply of spares and consumables for minimum 10 years from the date of Final Acceptance Certificate (FAC).

14) Anti-vibration pads for base of the machine must be supplied by the firm, if required.

15) IGMH shall Provide Supply of Electricity and water. Civil work, and all the auxiliaries and accessories require for operating the machine shall be in the scope of the supplier.

C. DOCUMENTATION

1) Successful bidder will have to provide soft and 3 Nos. hard copies (in English) of Electrical Circuit Diagram complete with PLC ladder diagrams, drive parameters, interfacing drawing etc. along with detailed spare parts list and product catalogue of major equipment.

2) Successful bidder will have to provide backup copies of software of operating system, machine programs, any PLC Controller (Micro/ PID/Temperature) and drives installed on the machine for trouble shooting of faults by IGMs

3) Successful bidder will have to provide soft and 3Nos. hard copies of Operating and Maintenance manual (Mechanical, Hydraulic & Pneumatic) in English along with spare part catalogue, drawings.

4) Successful bidder will have to provide foundation and machine lay out drawing including electrical cable/air/oil and water trench details.

D. INSTALLATION, SETUP AND TRAINING:

1) Successful bidder shall include installation, testing commissioning and successful trial run of the machine as per the specification mentioned in tender at worksite of purchaser.

2) Successful bidder shall provide the onsite training to IGMs employee for 3 working days (eight hours per shift) at respective machine installation site after successful commissioning of the machine.

E. SPARE PARTS AND CONSUMABLES:

Bidder shall provide list of spares and consumables required for Five (5) years from date of Final Acceptance Certificate (FAC) in their technical bid (without prices). Quote the rates for these spares separately in financial breakup column (or upload the pdf form with price breakup). These rates for spares will not be considered while deciding L1. Also, the bidder should only quote the total cost for manufacturing, supply, installation of the tendered machine/goods in total cost column on GeM price bid.

F. PRE-DISPATCH INSPECTION AT SELLER PREMISES (FEE/CHARGES TO BE BORNE BY THE BUYER):

Before dispatch, the goods will be inspected by Buyer/Consignee or their Authorized Representative at Seller premises (or at designated place for inspection as declared/ communicated by the seller) for their compliance to the major machine configurations.

The inspector will check for the following features as feasible during pre-dispatch inspection:

- **Operational Controls.**
- **Multiple pressing and dwell time.**
- **Pressing speed: Adjustable pressing speed.**
- **Ejection Force for stamped piece.**
- **Air blow for blank cleaning.**
- **Coining Tool.**
- **Electric Control.**
- **Hydraulic System.**
- **Safety.**
- **Cooling System.**
- **Tools & Accessories.**

Seller shall notify the Buyer through e-mail about readiness of goods for pre-dispatch inspection and Buyer will notify the Seller about the Authorized Representative the date for testing. The goods would be dispatched to consignee only after clearance in pre-dispatch inspection. Consignee's right of rejection as per GTC in respect of the goods finally received at his location shall in no way be limited or waived by reason of the goods having previously been inspected, tested and passed by Buyer/ Consignee prior to the goods' shipment.

While bidding, the sellers should take into account 7 days for inspection from the date of email offering the goods for inspection. Any delay in inspection beyond 7 days shall be on the part of the buyer and shall be regularized without Liquidated Damages.

G. FINAL ACCEPTANCE TEST (FAT):

1) **FAT shall be carried out to test the functional capabilities of the machine viz. Stroke rate, multi-strike, stroke dwell, ejection and various other coining functions as per below conditions.**

a) No. of coins to be minted: 600 per hour with single stroke (or) 300 per hour with double stroke. The FAT will be carried out for 2 working days depending upon availability of blanks and requirement of stamping at the time of FAT.

b) Coin material: Blanks of Silver/Copper and/or its alloys or any other material as available at IGMH.

c) The stamped coins should clearly demonstrate the text, design, relief and other aesthetic features as engraved in the corresponding Die.

2) **The date of FAT will be decided on mutual agreement.**

3) **During period of FAT, the firm has to depute their Engineer for monitoring and recording the test result.**

H. SCOPE OF WORK:

The Scope of Work for the procurement of the 350 Ton Hydraulic Auto Minting Press is comprehensive, covering the entire lifecycle from design and supply to final testing and long-term support, with a strong emphasis on achieving specific technical and qualitative requirements essential for minting precious metals.

The successful bidder is required to design, manufacture, supply, install, test, and commission one 350 Ton Hydraulic Auto Minting Press that fulfils the stringent technical and qualitative specifications necessary for minting high-value products like medals and commemorative coins.

I. TECHNICAL AND QUALITATIVE REQUIREMENTS (SCOPE OF SUPPLY):

1) **Machine Specifications and Precision: The press must have a variable Press Force range of 20 to 350 Tons. It must be specifically designed for Heavy-Duty stamping operations. The machine must be capable of stamping Precious metals like Pure Gold, Silver, Alloys of Gold & Silver. The dimensions of the coins to be stamped range from a Diameter of 10 mm to 60 mm and a Thickness of 0.6 mm to 4 mm.**

2) **Quality Control and Anti-Doubling Mechanism: A key qualitative requirement is the press's ability to perform multiple pressings (2 to 5 different programmable coining and locking forces) with a variable preselected dwell time while the tool remains closed. This mechanism must maintain the selected pressure and ensure the tool remains closed for all different forces selected, specifically to prevent the distortion of impression (doubling) on the embossed blank/coin. The press must exhibit Highest Possible Embossing Forces and a High Stroke Rate & Faster Production. The working speed must be 14 to 15 strokes per minute.**

3) **Mechanical and Hydraulic System Integrity: The press frame must be of heavy-duty steel frame construction for rigidity and stability. Its hydraulic cylinders must be robust, corrosion-resistant, and designed to withstand the high pressures and repetitive stamping cycles required for stamping silver and gold coins. The hydraulic system must incorporate a reliable and user-friendly control system, utilizing high-quality hydraulic fluid with excellent lubricating properties, corrosion resistance, and thermal stability.**

4) **Tools, Accessories, and Infrastructure: The supplier must provide all necessary tooling required for setting up the medal dies of diameters 22 mm, 27 mm, 33 mm, 35 mm, 44 mm, and 50 mm, along with two copies of drawings for these tooling's. The scope also includes supplying anti-vibration pads for the base of the machine, if required. The bidder must provide the foundation and machine lay out drawing details, including electrical cable/air/oil and water trench details.**

J. FINAL ACCEPTANCE AND SERVICE SCOPE:

Installation, Testing, and Documentation: The bidder is responsible for the complete installation, testing, commissioning, and successful trial run of the machine at the purchaser's worksite. This includes providing three hard copies and soft copies of the Operating and Maintenance Manual (Mechanical, Hydraulic & Pneumatic) in English, along with spare part catalogues and drawings. A Final Acceptance Test (FAT) will be carried out over two working days at the installation site. T

he FAT performance will be observed on silver/copper for 22/27/33/35/44/50mm diameter (medal size) and thickness 1.2 - 1.6 mm with operation speed of 10-14 parts per minute in Auto/manual mode. The bidder must also provide onsite training to 6 persons of IGMH employees for three working days (eight hours per shift).

Warranty and Long-Term Support: The successful bidder must provide sales and service support, including the supply of spares and consumables, for a minimum period of 10 years from the date of the Final Acceptance Certificate (FAC).

K. WARRANTY AND SERVICE SUPPORT:

The Warranty and service support requirements impose a blend of short-term liability and long-term commitment on the successful bidder:

• Warranty Period: All necessary services and spare parts required during the warranty period are to be supplied FREE OF COST by the successful bidder. The successful bidder must also handle the installation, testing, commissioning, and successful trial run of the machine, and provide onsite training to 6 persons of India Government Mint (IGM) employees for 3 working days (eight hours per shift) following successful commissioning.

• Long-Term Service Support: The bidder must provide sales and service support, including the supply of spares and consumables, for a minimum period of 10 years from the date of the Final Acceptance Certificate (FAC). Comprehensive documentation is required, including soft and 3 hard copies (in English) of the Operating and Maintenance manual (Mechanical, Hydraulic & Pneumatic), alongside detailed spare parts lists, drawings, and backup copies of all operating system and machine software.

• Spare Parts and Consumables: The successful bidder is required to provide a priced list of spares and consumables necessary for Five (5) years of operation from the date of the FAC. These quoted rates for spares will not be considered while deciding the lowest bidder (L1).

L. DELIVERY SCHEDULE:

The successful bidder is required to achieve completion of the entire scope of work, encompassing delivery, installation, and commissioning of the subject machine, within a period of six (6) months calculated from the date of the issuance of the Purchase Order (PO).

• Pre-Dispatch Inspection (PDI): Before the machine is dispatched, the buyer has the right to conduct an inspection at the seller's premises to ensure it complies with the contract specifications. The seller must notify the buyer when the goods are ready for this inspection. The goods will only be dispatched after they have been cleared in the PDI.

II. PAYMENT TERMS:

100% payment will be made within 30 days after issue of Final Acceptance Certificate (FAC).

III. ELIGIBILITY CRITERIA OR PRE- QUALIFICATION CRITERIA:

1) Experience & past performance:

The bidder (manufacturer or principal of authorized representative – hereinaf

ter referred simply as 'The Bidder') shall be a manufacturer that has regularl y for at least the last three years manufactured, supplied, erected, commissi oned Hydraulic Auto Minting Press with the same or higher specifications of a t least one number in last five years ending on 31.03.2026. At least one num ber of the product offered for supply should be in successful operation for at least one year on the date of bid opening.

2) Capability Equipment & manufacturing Facilities:

The bidder must have an annual capacity to manufacture and supply at least one no of Hydraulic Auto Minting Press.

3) Financial Standing:

i. The average annual financial turnover of the bidder firm (manufacturer or principal of authorized dealer) during the last three years, ending on 31. 03.2026, should be at Rs.38.25 Lakhs (or equivalent in foreign currency at exchange rate prevalent on 31.03.2026) as per the annual report (audited balance sheet and profit & loss account) of the relevant period, duly authe nticated by a Chartered Accountant/ Cost Accountant in India or equivalent in relevant countries.

ii. The net worth of the firm should not

a) be negative on 31.03.2026 and

b) have eroded by more than 30% in the last three years, ending on 31.0 3.2026.

IV. GENERAL INSTRUCTIONS TO THE TENDERER (GIT) & GENERAL CONDITIONS OF THE CONTRACT (GCC):

The following are integral part of this GeM bid document. Bidders have to upl oad duly signed General Instructions to the Tenderer (GIT) & General Conditio ns of the Contract (GCC) as a token of acceptance of all the terms and conditi ons.

https://spmcil.com/uploaddocument/GIT3.0.pdf

https://spmcil.com/uploaddocument/GCC3.0.pdf

V. PRICE BID SUBMISSION:

The Price-Bid should contain Two Parts. One Part should be a Price Offer of th e Machine. The second Part should be Priced List of Spares. The Bidder shoul d submit unpriced list of spares along with Technical Bid. The priced list of sp ares should be submitted in the Financial Document upload Field.

List of Documents to be submitted/ uploaded along with the Bid:

1.	**UDYAM/MSME Certificate/ NSIC/Start-Up**	**Yes/No**
2.	**Proof of EMD of Rs.1,91,000.00/-.**	**Yes/No**
3.	**Documents towards Experience & past performance** as per poin t No. III. 1 of Buyer Added Bid Specific ATC	**Yes/No**

4.	**Documents towards Capability Equipment & manufacturing Facilities** as per point No. III. 2 of Buyer Added Bid Specific ATC	**Yes/No**
5.	**Financial Standing documents** as per point No. III. 3 of Buyer Added Bid Specific ATC	**Yes/No**
6.	**Manufacturer's Authorization/OEM Declaration if any**	**Yes/No**
7.	**Acceptance to Technical specifications as per the bid document.**	**Yes/No**
8.	**Acceptance to FINAL ACCEPTANCE TEST (FAT) / Acceptance Criteria Mentioned in Bid Document** as per point No. I. G of Technical Specifications of Buyer Added Bid Specific ATC	**Yes/No**
9.	**Acceptance to Delivery Schedule as Mentioned in Bid Document**	**Yes/No**
10.	**Acceptance to Warranty period as per Bid** as per point No.14 of Buyer Added Bid Specific Terms and Conditions.	**Yes/No**
11.	**Acceptance to Scope of supply includes Training as per Bid Document**	**Yes/No**
12.	**Make in India Declaration being Class-I/II with detailed Percentage** as per MII Order	**Yes/No**
13.	**Data Sheet of the product(s) offered** as per point No.4 of Buyer Added Bid Specific Terms and Conditions.	**Yes/No**
14.	**An undertaking that, Bidders shall quote only those products (Part of Service delivery) in the bid which are not obsolete in the market and has at least 7 years residual market life i.e. the offered product shall not be declared end-of life by the OEM before this period.**	**Yes/No**
15.	**Acceptance to GIT & GCC** as per point No. IV of Buyer Added Bid Specific ATC	**Yes/No**
16.	**Confirmation of Price Bid Submission** as per point No. V of Buyer Added Bid Specific ATC	**Yes/No**
17.	**Stamped and signed Bid document as a token of Acceptance of all terms and conditions of the Bid**	**Yes/No**

.

अस्वीकरण/Disclaimer

The Additional Terms and Conditions (ATC) have been incorporated by the Buyer after approval of their Competent Authority. The Buyer ,is solely responsible for the impact of these clauses on the bidding process, its outcome, and consequences thereof including any restriction arising in the bidding process due to these ATCs and including the modification of technical specifications and / or terms and conditions governing the bid.All representations / grievances pertaining to the ATC clauses shall be raised with the buyer organization directly and not with GeM.If any of the clause(s) is/are incorporated by the Buyer regarding the following, the bid & resultant contract shall be treated as null & void. Further, GeM reserves the right, at its sole discretion, to cancel the bid forthwith, without issuance of any prior notice or intimation :-

1. Publishing Custom / BOQ bids for items for which regular GeM categories are available (unless such Custom / BOQ item is bunched with the major regular product Category Item).
2. Mandating procurement of / from specific Brand / Make / Model / Manufacturer / Dealer except in case of Single Bid / Proprietary Article Certificate (PAC) Buying.

3. Inclusion of disqualification criteria related to suspension of seller / service provider, where such suspension period has already expired.
4. Mandating submission of documents (other than EMD and signed Integrity Pact - which can be submitted within 5 days of bid opening) in physical form as a pre-requisite to qualify bidders.
5. Publishing bids on GeM for procurement of works.
6. Procurement of Goods by creating a Service bid on GeM & vice-versa.
7. Seeking sample with bid or approval of samples during bid evaluation process. However, trial / sample, as the case may be, shall be permitted in cases where trial / sample are allowed as per approved and published procurement policy of the Buyers' controlling Ministry / Department / State / Public Sector Enterprises Headquarters. If there is any violation of trial / sample clause with regard to approved policy of the Buyers' Ministry / Department / State / Public Sector Enterprises Headquarters, then this is to be determined and redressed by the concerned Buyer Organisation only.
8. Seeking experience from specific organization / department / institute only or from foreign / export experience.
9. Creating bid for items from incorrect categories.
10. Reference of conditions published on any external site or reference to external documents/clauses.
11. Asking for any Tender fee / Bid Participation fee, as the case may be.
12. Buyer added ATC Clauses which are in contravention of clauses defined in bid detail section, including specifications, EMD Detail, ePBG Detail and MII and MSE Purchase Preference sections of the bid, unless otherwise allowed by the applicable GeM GTC.
13. Any ATC clause in contravention with GeM GTC Clause 4 (xiii) (h) will be invalid. In case of multiple L1 bidders against a service bid, the buyer shall place the Contract by selection of a bidder amongst the L-1 bidders through a Random Algorithm executed by GeM system.
14. In a category based bid, adding additional items, through buyer added, additional scope of work/ additional terms and conditions/or any other document. If buyer needs more items along with the main item, the same must be added through bunching category based items or by bunching custom catalogues or bunching a BoQ with the main category based item, the same must not be done through ATC or Scope of Work.

Further, if any seller has any objection/grievance against these additional clauses or otherwise on any aspect of this bid, they can raise their representation against the same by using the Representation window provided in the bid details field in Seller dashboard after logging in as a seller. Buyer is duty bound to reply to all such representations and would not be allowed to open bids if he fails to reply to such representations.

All GeM Sellers/Service Providers shall ensure full compliance with all applicable labour laws, including the provisions, rules, schemes and guidelines under the four Labour Codes i.e. the Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020 as and when notified and brought into force by the Government of India.

For all provisions of the Labour Codes that are pending operationalisation through rules, schemes or notifications, the corresponding provisions of the pre-existing labour enactments (such as The Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972, etc. and relevant State Rules) shall continue to remain applicable.

The Seller/ Service Providers shall, therefore, be responsible for ensuring compliance under:

- **All notified and enforceable provisions of the new Labour Codes as mentioned hereinabove; and**
- **All operative provisions of the erstwhile Labour Laws until their complete substitution.**

All obligations relating to wages, social security, safety, working conditions, industrial relations etc. and any other statutory requirements shall be strictly met by the Seller/ Service Provider. Any non-compliance shall constitute a breach of the contract and shall entitle the Buyer to take appropriate action in accordance with the contract and applicable law.

This Bid is governed by the General Terms and Conditions, conditions stipulated in Bid and Service Level Agreement specific to the Service, as the case may be, as provided in the Marketplace.

However, in case of Service, if any condition specified in General Terms and Conditions is

contradicted by the conditions stipulated in Service Level Agreement specific to said Service, then it will over-ride the conditions in the General Terms and Conditions.

यह बिड सामान्य शर्तों के अंतर्गत भी शासित है /This Bid is also governed by the General Terms and Conditions

जेम की सामान्य शर्तों के खंड 26 के संदर्भ में भारत के साथ भूमि सीमा साझा करने वाले देश के बिडर से खरीद पर प्रतिबंध के संबंध में भारत के साथ भूमि सीमा साझा करने वाले देश का कोई भी बिडर इस निविदा में बिड देने के लिए तभी पात्र होगा जब वह बिड देने वाला सक्षम प्राधिकारी के पास पंजीकृत हो।बिड में भाग लेते समय बिडर को इसका अनुपालन करना होगा और कोई भी गलत घोषणा किए जाने व इसका अनुपालन न करने पर अनुबंध को तत्काल समाप्त करने और कानून के अनुसार आगे की कानूनी कार्रवाई का आधार होगा।/In terms of GeM GTC clause 26 regarding Restrictions on procurement from a bidder of a country which shares a land border with India, any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority. While participating in bid, Bidder has to undertake compliance of this and any false declaration and non-compliance of this would be a ground for immediate termination of the contract and further legal action in accordance with the laws.

---धन्यवाद/Thank You---
